

DANIL FILIPPOV

CONSTRUCTION ENGINEER | PROJECT MANAGER

Reinforced Concrete • Nuclear & Infrastructure Projects

Gonilas@gmail.com • +7 (911) 343-00-63 • +86 (150) 6337-0375 • linkedin.com/in/filippovds
Russian (Native) • English (C1) • Open to international relocation

PROFESSIONAL SUMMARY

Construction Engineer and Project Manager with **6+ years** delivering high-stakes nuclear, infrastructure, and heritage restoration projects. Led teams of up to **150+ personnel** and supervised **25,000+ m³** of reinforced concrete on Egypt's **\$30B El-Dabaa NPP** (Rosatom), coordinating inspections with Worley and ENRRA at 100% compliance. Strong in Russian construction codes (GOST, SNiP, SP) and ISO 9001-aligned QMS.

PROFESSIONAL EXPERIENCE

INDUSTRIAL ENGINEER | CONSTRUCTION MANAGER Oct 2024 – Dec 2025 (1 year 3 months)
ROSATOM EGYPT – El-Dabaa Nuclear Power Plant, Egypt

- Directed specialised reinforced concrete structural works on Egypt's first nuclear power plant (**\$30B investment**), overseeing **150+ personnel** across multiple work fronts under zero-defect tolerance.
- Supervised the placement of **25,000+ m³ of reinforced concrete** in compliance with nuclear-grade quality requirements and aggressive construction schedules.
- Coordinated **50+ regulatory and quality inspections** jointly with Worley (international Owner's Engineer) and ENRRA (Egyptian Nuclear and Radiological Regulatory Authority), achieving **100% technical compliance** and full material traceability.
- Maintained a **"Zero Accident" safety record** and resolved **40+ critical engineering bottlenecks** in challenging desert site conditions through proactive HSE management and strategic resource coordination.

FACILITIES PROJECT MANAGER Mar 2024 – Jul 2024 (5 months)
TERRABOER LLC – Crimea

- Concurrently managed operations across **three major infrastructure sites** specialising in tunnel and bridge construction, leading a multi-disciplinary team of **50+ workers**.
- Integrated responsibilities across technical compliance, supply chain logistics, and on-site HR coordination, overseeing reinforced concrete works under tight schedule constraints.

SITE FOREMAN | SITE SUPERVISOR Jul 2022 – Mar 2024 (1 year 9 months)
OTDELSTROY LLC – St. Petersburg, Russia

- Managed the full lifecycle of reinforced concrete construction for residential complexes and heritage restoration projects, with a combined contract value exceeding **\$50 million** and **20,000+ m³ of concrete** placed.
- Oversaw technical compliance, supply chain logistics, and on-site human resource coordination across multiple projects.
- Prepared and managed regulatory documentation including method statements (PPR), inspection requests (AOSR), daily site logs (OZHR), and interim payment certificates (KS-2, KS-3), ensuring compliance with **Russian Construction Codes (GOST, SNiP, SP)**.

JUNIOR DESIGN ENGINEER Mar 2022 – May 2022 (3 months)
PKB Prombezopashnost LLC – Murmansk, Russia

- Conducted structural inspections of buildings and facilities, developing detailed repair and reconstruction plans, and prepared technical and design documentation in compliance with applicable engineering standards.

SURVEYING TECHNICIAN

Jul 2020 – Nov 2021 (1 year 5 months)

JSC VAD – Murmansk Region, Russia

- Monitored earthworks and road pavement layers to maintain strict compliance with design specifications; managed geodetic documentation and processed field data for as-built surveys and volume calculations.

CONSTRUCTION SPECIALIST

Oct 2020 – Nov 2020 (2 months)

International Research Project “Green Arctic Building” – Murmansk, Russia

- Contributed to an **international research initiative** on sustainable Arctic construction, assembling a model building featuring both timber-frame and log structures using precision woodworking techniques.

EARLIER ROLES & INTERNSHIPS General Laborer, Main Military Construction Directorate No. 14 (2019); Electrical Maintenance Intern, PJSC “ROSSETI Lenenergo” (2018); additional early roles. Full history available on LinkedIn.

EDUCATION

Master’s Degree, Construction Engineering <i>Murmansk State Technical University, Russia</i>	Sep 2022 – Jun 2024
Bachelor’s Degree, Construction Engineering <i>Murmansk State Technical University, Russia</i>	Sep 2018 – Jun 2022
Vocational Degree, Electrical Power Supply <i>Murmansk State Technical University, Russia</i>	Sep 2014 – Jun 2018

CERTIFICATIONS & AWARDS

- **Certificate of Honor for Professional Excellence** – Trest RosSEM LLC, Branch in the Arab Republic of Egypt (part of Rosatom State Corporation), Sep 2025
- **Rosatom Production System (RPS): Standards in Construction** – Certificate No. 10850 c-01, Rosatom State Corporation, 2024
- **Certified Manual Arc Welder & Electrical Fitter (3rd Skill Class)** – Russia, 2017

CORE COMPETENCIES

Project & Construction Management International Project Management • End-to-End Project Lifecycle • Multi-site Operations • Construction Management • Subcontractor Management • Resource & Supply Planning • Strategic Procurement • Cost Control • Team Leadership (50–150+ personnel) • Lean Construction Principles • Risk Management

Engineering & Construction Expertise Reinforced Concrete (RC) Structures • Monolithic Concrete Construction • Formwork Systems • Nuclear Power Plant Construction • Bridge & Tunnel Engineering • Heritage Building Restoration • High-Rise Residential Construction • Road Construction • Excavation & Earthworks

Quality, Safety & Regulatory Compliance Quality Assurance / Quality Control (QA/QC) • Technical Supervision • Construction Site Inspections • Material Traceability • HSE Management Systems • Industrial Safety • ISO 9001-aligned QMS • Nuclear Safety Standards • Russian Construction Codes (GOST, SNiP, SP)

Construction Documentation Method Statements (PPR) • Project Execution Plans (POS) • Inspection Requests (AOSR) • Non-Conformance Reports (NCR) • Daily Site Logs (OZHR) • Material Reconciliation (M-29) • Interim Payment Certificates (KS-2, KS-3) • Technical & Design Documentation

Technical Tools & Equipment AutoCAD • MS Project • MS Office (Word, Excel, Outlook) • Total Station & GNSS • Topographic Mapping • Blueprint Reading • Electrical Engineering • Power Distribution & Substations • Certified Welder (3rd Skill Class) • Mobile Crane & Forklift Operation
